

PRIYANKA SAIGAL

New York, New York • psaigal48@gmail.com

TECHNICAL SKILLS

Proficient: JavaScript, TypeScript, React.js, HTML5, CSS3, GraphQL, TailwindCSS, Apollo, Relay, jQuery, Git, Babel, Webpack, Jest, Vitest

Exposure: Redux, AngularJS, Express, Ruby on Rails, Python, PHP, Next.js

EXPERIENCE

Senior Frontend Engineer | [Giant Eagle](#) | Remote | 06/2018 – 01/2026

- Joined as the third engineer on Giant Eagle's greenfield React e-commerce platform, helping scale online grocery shopping during a period of rapid pandemic-driven demand.
- Mentored junior engineers through code reviews, onboarding sessions, and presentations on core technologies
- Spearheaded projects which involved refactoring the codebase to utilize TypeScript, converting the JavaScript GraphQL client from Relay to Apollo, adding more robust unit testing coverage, and cleaning up deprecated code
- Architected key user flows — login, registration, product search, and checkout — driving a 50% increase in online revenue and improved customer conversion
- Collaborated with designers, product managers, frontend and backend engineers to streamline delivery workflows, coordinate API requirements, and improve the user experience across key shopping features

Software Engineer | [Munchery](#) | San Francisco, CA | 09/2017 – 06/2018

- Engineered features across landing pages and led A/B testing of membership plans to optimize customer lifetime value
- Drove conversion of the codebase from AngularJS to React and significantly expanded test coverage to reduce production bugs

Instructor, Summer Immersion | [Girls Who Code](#) | Mountain View, CA | 06/2017

- Served as lead instructor for high school students during a summer program at Symantec that covered programming fundamentals in Python, Arduino robotics, frontend development using HTML, CSS, and JavaScript, and soft computer science skills

Frontend Software Engineer | [TATCHA \(Acquired by Unilever\)](#) | San Francisco, CA | 03/2016 – 03/2017

- Re-architected product pages and 5+ landing page templates in ExpressionEngine CMS, boosting conversion and sales
- Built mobile navigation system that improved product discoverability by 60%; collaborated with UX team on 10+ pages

Sales Engineer | [Anatomage](#) | San Jose, CA | 01/2013 – 12/2015

- Exceeded monthly profit goals by 40%+ selling 3D imaging software to dental surgeons globally; led quarterly study sessions

EDUCATION

Dev Bootcamp — Software Engineering Program, 2015

University of California, Irvine — B.S. Biological Sciences, 2012
